

## Just a Friendly Reminder

### The Speed Limit on South Rim Ranch is **25 mph**

Received a text today from a property owner about an incident that happened. Another property owner takes their horse and carriage out riding on the roads. Many times, this property owner has people speeding past them in their vehicles, having dust and gravel kicked up and hitting the horse. This is dangerous enough in itself as the horse could spook causing a serious accident.

The most recent incident had gravel kicked up so hard, that the carriage rider was hit on their glasses hard enough to damage them. Fortunately, they were wearing glasses or they could have had a serious eye injury.

Property Owners, please be mindful of the speed limit, and if you are passing people walking/jogging, riding bikes/ATVs, riding horses or horse and carriage, Be Courteous and SLOW DOWN.

Thank You,

South Rim Ranch Board
